

Single-Stream Recycling Guidelines

Single-Stream Recycling

All of these recyclables can go into one tote:

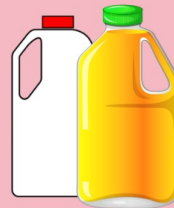

#1 - #2 Plastic Bottles & Tub

Aluminum & Tin Cans

Newspaper, office paper, magazines, cardboard & paperboard

Dairy & Juice Containers

No Glass in Single-Stream Recycling

Why?

Glass gets crushed and contaminates other recycled items.

Glass can't be recycled after the single-stream process due to breakage.

Summit County Recycling Drop-Off Centers

Drop-Off Center Recycling Guidelines

Please sort recyclables into the following bins

#1 Plastic Bottles

#2 Plastic Bottles

Aluminium & Tin Cans

Mixed Paper, Newspaper & Magazines

Cardboard & Paperboard

Mixed Glass

Clear Glass

Bottle-to-Bottle Recycling

Source-separated recycling has participants sort items into separate containers.

Glass collected at drop-off centers goes directly to MillerCoors in Golden to be made into new glass bottles.

Source-separated glass is true "bottle-to-bottle" recycling.
